OBJECTIVE

Motivated and results-driven React Native Associate Software Engineer with expertise in developing high-performance mobile applications. Proficient in React Native, JavaScript, and modern development practices, with hands-on experience in building dynamic, responsive, and user-centric applications. Passionate about leveraging cutting-edge technologies and contributing to impactful projects in a fast-paced environment.

SKILLS

- **Frontend Development:** React, React Native, HTML5, CSS3, Tailwind CSS
 - **State Management:** Redux Toolkit, Context Api
 - **Version Control:** Git, GitHub
 - **Languages:** JavaScript
 - **Tools & Libraries:** Node.js, Express.js, Expo, npm/npx, Vercel, Postman.
 - **UI Design:** Responsive Design, Cross-Platform Mobile App Development
 - **Other:** RESTful APIs, JSON, Axios, Asynchronous JavaScript
 - **Databases:** MongoDB, MySQL
-

EXPERIENCE

IIFA Tech — Lahore, Pakistan

Mar 2025 - Present

- Developed and deployed cross-platform mobile applications for both Android and iOS, improving app performance by 20%.
 - Integrated RESTful APIs to enable dynamic data fetching for user profiles, playlists, and e-commerce products.
 - Utilized Redux to manage global state efficiently, enhancing data flow across the application and reducing API calls by 30%.
 - Collaborated with the design team to deliver pixel-perfect UIs, ensuring seamless user experiences on various screen sizes.
 - Debugged and optimized code for better performance, reducing load time by 15%.
-

Enigmatix - Bahawalpur, Pakistan

May 2024-Jul 2024

- Built and maintained responsive web and mobile applications using React.js and React Native.
- Integrated APIs and third-party libraries such as Axios, React Router, and React Navigation to enhance application functionality.
- Developed scalable, reusable components to improve performance and maintainability, reducing front-end load times by 25%.
- Partnered with cross-functional teams in Agile sprints to deliver high-quality, production-ready features on schedule.

Education

Bachelor's in Computer Science

The Islamia University – Bahawalpur, Pakistan

Graduated: 2024

Technical Contributions

GitHub Projects: Maintained and contributed to open-source projects (Small junior level projects).

Certifications

- React Native Development (Online Course)
- JavaScript
- Python
